

# Anthony Stematz-Breitling (He/Him/His)

Kansas City, Missouri 64114 | **Phone:** 816-206-8063 **Email:** [stembreit@gmail.com](mailto:stembreit@gmail.com)

**LinkedIn:** [www.linkedin.com/in/anthony-stembreit](https://www.linkedin.com/in/anthony-stembreit)

**Github:** [github.com/AnthonyStematz-Breitling](https://github.com/AnthonyStematz-Breitling) | **Portfolio:** [anthonystematz-breitling.github.io/Portfolio/](https://anthonystematz-breitling.github.io/Portfolio/)

## Summary

A certified full-stack web-developer, graduated from the University of Kansas Coding Boot-Camp. Confident in HTML, Bootstrap, and jQuery. Enjoys contributing to meaningful projects in the work-place.

## Technical Skills

**Languages:** HTML, CSS, Javascript, ES6, mySQL

**Frameworks:** Bootstrap, jQuery, Node, Express, Jest

## Projects

**Exploration Food:** Deployed: <https://joepall.github.io/Exploration-Food/>

Github: <https://github.com/JoePall/Exploration-Food> | Selective recipe application designed to match the needs of all diets and food restrictions. Great for those with allergies, religious restrictions, or are simply particular about their food. Will present users with an exciting new recipe generated based on their personalized profile!

**Weather App:** Deployed: <https://anthonystematz-breitling.github.io/WeatherApp/>

Github: <https://github.com/AnthonyStematz-Breitling/WeatherApp>

Using a weather API the application presents the current weather in the chosen city and forecast for the next five days. Then those searched cities are presented as a search history for easy user access in the future.

**Tacking Employees:** Display: <https://drive.google.com/file/d/1TzfOYUix2iAIO2PA8VHzlyDNyqHatiir/view>

Github: <https://github.com/AnthonyStematz-Breitling/Tracking-Employees>

Command-Line application that functions as a content management system for a business who has multiple departments, roles, and employees to manage. Gives administrator ability to create employees, roles, and departments; to view employees by role, department, or manager; and to change an employees role or manager.
